Regain of Compliance with a Continued Listing Rule or Standard

On July 31, 2026, Hub Cyber Security Ltd. (the “Company”) received written notice from the Listing Qualifications Department of The Nasdaq Stock Market LLC (the “Staff”) confirming that the Company regained compliance with the Market Value of Listed Securities (“MVLS”) requirement, as set forth in Nasdaq Listing Rule 5550(b)(2) for continued listing on the Nasdaq Capital Market, and the matter is now closed.

As previously reported, the Company was notified by the Nasdaq Stock Market LLC on January 21, 2026, that it was not in compliance with the MVLS requirement because it failed to maintain a minimum MVLS of \$35 million over the previous 30 consecutive business days. Since then, the Staff has determined that for the last 20 consecutive business days, from July 2, 2026 to July 30, 2026, the Company’s market value of listed securities has been \$35 million or greater. Accordingly, the Company has regained compliance with the MVLS requirement, and this matter is now closed.

On August 3, 2026, the Company issued a press release announcing that it has regained compliance with the Nasdaq MVLS requirement. A copy of the press release is attached hereto as Exhibit 99.1 and is incorporated herein by reference.

The information in this Report is being furnished and shall not be deemed “filed” for the purposes of Section 18 of the Exchange Act, or otherwise subject to the liabilities of that Section, nor shall it be deemed incorporated by reference in any filing made by the Company under the Securities Act of 1933, as amended, or the Exchange Act, except as otherwise set forth herein or as shall be expressly set forth by specific reference in such a filing.

HUB Security Regains Full Compliance with Nasdaq Listing Requirements

Nasdaq letter confirms that HUB Security has satisfied the applicable continued-listing requirement and closed the matter

Tel Aviv, Israel, August 3, 2026 (GLOBE NEWSWIRE) – **Hub Cyber Security Ltd.** (Nasdaq: HUBC) (“HUB” or the “Company”), today announced that it has regained compliance with Nasdaq’s Market Value of Listed Securities (“MVLS”) requirement.

On July 31, 2026, the Company received formal written notice from the Listing Qualifications Department of The Nasdaq Stock Market LLC (the “Staff”) confirming that the Company had regained compliance with Nasdaq Listing Rule 5550(b)(2), which requires listed companies to maintain an MVLS of at least \$35 million. Nasdaq further confirmed that the matter is now closed.

This compliance determination follows a sustained improvement in the Company’s market value. Nasdaq determined that HUB’s MVLS had remained at or above the required \$35 million threshold for the last 20 consecutive business days, from July 2, 2026 through July 31, 2026. As previously reported, on January 21, 2026, the Staff notified the Company that it was not in compliance with the MVLS requirement after the Company’s MVLS remained below \$35 million for the prior 30 consecutive business days. The Company has now fully cured the deficiency.

Regaining compliance represents an important milestone for HUB and reflects the Company’s continued efforts to strengthen its public-market position while advancing its broader strategic, operational and financial transformation.

“Regaining compliance with Nasdaq’s continued listing requirements marks another important step forward for HUB,” said Renah Persofsky, Chairperson of HUB’s Board of Directors. “We remain focused on executing our transformation strategy, strengthening the Company’s financial and operational foundation, and building sustainable long-term value for our shareholders. With this matter now closed, we can continue directing our efforts toward the Company’s strategic priorities and future growth.”
